

I MADE ANANTA WIJAYA

Badung, Bali | anantawijayaworking1@gmail.com | +62 878-1699-2590 | [LinkedIn](#) | [Certifications](#) | [Portfolio](#)

Informatics graduate with a 3.91/4.00 GPA specializing in Machine Learning, Computer Vision, and AI application development. Proven track record in building end-to-end computer vision pipelines—generating 14,000+ custom datasets and deploying YOLO models with 96.5% mAP50. Proficient in Python, SQL, LangChain, TensorFlow, and Roboflow. Eager to contribute as a Junior Data Scientist or AI/ML Engineer.

EDUCATION

Bootcamp – Dibimbing.id, Data Science AI & Machine Learning June 2026 – Present

- Key focus: Statistics, ML/DL Workflows, SQL Data Pipelines, Model Deployment.

Institut Bisnis & Teknologi Indonesia, Bachelor of Informatics September 2022 – February 2026

- GPA: 3.91/4.00 (144 credits)
- Thesis: Detection of Balinese Statue Types Using the You Only Look Once (YOLO) Method.

PROJECTS

Thesis, Balinese Stone Statue Object Detection Using YOLO April 2025 – January 2026

- Collected and documented Balinese stone statues across four regencies in Bali.
- Built and annotated a dataset from 240 three-dimensional models, generating 8,400 images and expanding it to 14,280 images using Roboflow.
- Trained and evaluated YOLO models, achieving 92.8% precision, 91.9% recall, 96.5% mAP50, and 82.0% mAP50–95.
- Evaluated model performance using unseen images and videos.

Personal Project, Bali Tourism AI Guide September 2025

- Developed an AI tourism chatbot using Gemini, LangChain, Streamlit, and SQLite.
- Provided destination, hotel, restaurant, and cultural-event recommendations based on user preferences.
- Supported database updates through structured CSV uploads.

WORK EXPERIENCE

Freelance, Digital Asset Processor, Nusaheritage.id February 2026 – April 2026

- Planned an end-to-end workflow covering 3D model creation, data processing, metadata preparation, and documentation.
- Created and refined Balinese statue models using Polycam and Blender.
- Structured metadata and generated image descriptions using BLIP and Gemini to support digital catalog development.

Internship, Web Developer, Kayana Creative July 2024 – September 2024

- Developed a Laravel-based e-commerce website with product pages, user interface components, and core website features.
- Designed responsive UI/UX layouts to improve usability across devices.
- Supported product catalog, content organization, and user-flow implementation.

ORGANIZATIONAL EXPERIENCE

Public Relations Coordinator, Sekha Truna Dharma Kerthi October 2024 – Present

- Recorded and updated data of new youth members in the local Banjar community.
- Distributed official notices and administrative correspondence to community members.

Public Relations Division Member, Artspirasi 9 INSTIKI February 2024

- Searched for and contacted media partners to support event publication and audience reach.
- Distributed partnership letters and invitations to relevant external parties.

Deputy Head of Equipment Division, Road to DEVFEST, IDC x GDSC INSTIKI October 2023

- Coordinated event logistics and equipment preparation to support smooth event operations.
- Assisted backstage technical and operational needs during the event.

Head of Inventory and Field Coordinator, Teater TERAS

June 2020 – June 2021

- Coordinated equipment needs for organizational activities, including anniversaries, inaugurations, and theater competitions.
 - Prepared, managed, and took responsibility for theater inventory and equipment during events.
 - Supported technical and logistical preparation to ensure organizational events ran smoothly.
-

HONORS & AWARDS

- **Top 30 Finalist, IDEASI Business Competition, INBIS INSTIKI** January 2024
Selected as one of the Top 30 participants in the IDEASI 2024 business competition through a business idea focused on eco-friendly briquettes made from corn cobs.
 - **2nd Place, Free Fire Tournament at PORPROV Bali, KONI BALI** November 2022
Served as Team Captain for Badung Regency, steering roster adaptation and tactical calls to reach the finals under competitive conditions.
 - **2nd Place, Free Fire Tournament at KEJURPROV Bali, ESI BALI** October 2022
Led team coordination and tactical execution across multi-round provincial stages, achieving runner-up status among top-tier regional competitors.
-

SKILLS

Language: Indonesian – Native; English – Professional Working Proficiency.

Programming & Database: Python, SQL(SQLite, PostgreSQL)

Data Analysis & Science: Data Cleaning, Data Preprocessing, EDA, Statistical Analysis, Modelling.

Machine Learning: Supervised Learning, Unsupervised Learning, Model Evaluation, Forecasting.

Computer Vision: Object Detection, YOLO, Data Annotation, Image Augmentation.

Frameworks & Tools: Pandas, NumPy, scikit-learn, TensorFlow, Streamlit, LangChain, Roboflow, Git, GitHub, Google Colab, VS Code, Anaconda, DBeaver.

Soft Skills: Analytical Thinking, Problem Solving, Collaboration, Adaptability, Leadership.
